

PMMA Opulence Side Sparkle Fiber Harness

A decorative effect for indoor use with the added safety of a PMMA fiber core.

Ideal for multisensory environments, wall hanging and art installations. For indoor use only.

Available with a clear or uv reactive sheathing. UV reactive sheathing is either clear or multi-coloured.

These harnesses are all supplied with standard 30mm (1.2”) common ends and heat sealed terminations. Other lengths are available to special order - please contact us to discuss your requirements.
