

PRODUCT SPECIFICATION SHEET

Ionic Dimming Driver

Rev. C1

The unit is a compact 0-12V dimming driver capable of driving the Ionic track up to a maximum of 25W of Ionic fittings.

The driver enclosure has a 'Power On' red LED and an output voltage green LED which varies its intensity depending on the output voltage/ global dimming status.

This driver is suitable for indoor use only.

GENERAL INFORMATION

Product Name	UFO Ionic Driver
UFO Product Code	UFO IONDR-CV-DC-12-25-D
Description	Constant Voltage Dimmable
Input Voltage Range	12 - 15V DC
Rated Power	25W
Output Current	2A
Output Voltage	12V
Number of Ionic Fittings	Up to a maximum of 25W
Functionality	Potentiometer Dimming
Protection	SCP, OCP, OTP
Connection	Screw Terminal
Accessories	None
IP Rating	IP20 - internal use only
Dimensions	196mm x 89.5mm x 33.5mm 7.7" x 3.5" x 1.3"
