

PRODUCT SPECIFICATION SHEET

Ionic Interface

Rev. C1

The Ionic constant voltage Interface is a compact 12V unit providing a connection interface between the Ionic track and Ionic LED fittings and other proprietary 12V constant voltage dimmable drivers.

The interface enclosure has a 'Power On' red LED and is suitable for indoor use only.

GENERAL INFORMATION

Product Name	UFO Ionic Interface
UFO Product Code	UFO IONIF-CV-DC-12-XX
Description	Constant Voltage Interface
Input/ Output Voltage	12V DC
Number of Ionic Fittings	Dependent on driver output
Connection	WAGO lever terminal
Accessories	None
IP Rating	IP20 - internal use only
Material & Finish	ABS plastic / black
Dimensions	80mm x 40mm x 20mm 3.2" x 1.6" x 0.8"
